STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Bristol in the County of Grafton in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town House in said Bristol on Tuesday, the tenth (10) day of March next, at nine of the clock in the forenoon to act upon the following subjects:

1. To choose one Selectman for three years, and choose all other necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the year ensuing, and make appropriation of the same.
3. To see what sum of money the Town will raise for the support of Highways and Bridges for the year ensuing, and make appropriation of the same.
4. To see if the Town will raise money for the maintenance of the State Aid and Trunk Line Roads for the year ensuing, and make appropriation of the same.
5. To see if the Town will vote to raise the sum of one hundred and fifty (\$150.00) dollars for the observance of Memorial Day for the year ensuing, and make appropriation of the same.
6. To see what sum of money the Town will vote to raise for maintenance and construction of Sidewalks for the year ensuing, and make appropriation of the same.

7. To see if the Town will vote to ask for Trunk Line Aid for new construction road on the Sunapee Lake road, and if so, raise the sum of twenty-five hundred dollars and make appropriation of the same.

8. Agreeably to vote of the Town at the annual March meeting, March 8, 1921, to elect five (5) members for the Budget Committee for a term of three years.

9. To see if the Town will vote to accept the provisions of Chapter 155, Laws of 1921, relative to building or rebuilding any Bridge, on any Trunk Line, Cross State or any designated State Aid Highway in said Town of Bristol, if so accepted and adopted, raise and appropriate such sum of money as may be deemed necessary for any bridge or bridges the Town shall designate.

10. To see if the Town will vote to raise, instead of setting aside from the regular Highway money, the sum required by law, for purpose of permanent improvement on some designated piece of Town Highway, approved by Town Officials, and make appropriation of the same.

11. To see if the Town will vote to accept the provisions of Chapter 117, Laws of 1917, on a section of the Sunapee Lake Road, so-called, and appropriate, or set aside from the amount raised for highway work the sum of one hundred (\$100.00) dollars for this purpose.

12. To see if the Town will vote to raise and appropriate the sum of one thousand (\$1,000.00) dollars, for the purpose of continuing the cost of control of the White Pine Blister Rust in the Town of Bristol.

13. To see what action the Town will take, relative to plowing and clearing the snow on streets of Bristol

Village, and on any piece of highway in said town approved by the Selectmen, and see if the Town will vote to raise and appropriate money for the same.

14. To see if the Town will vote to authorize the Selectmen to purchase the Traffic Beacon, now located in Central Square.

15. To see if the Town will vote to instruct the Selectmen to purchase new Cook Stove for use in the Kitchen in Town Hall and vote to raise and appropriate money for the same.

16. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twenty-first day of February, in the year of our Lord nineteen hundred and twenty-four.

FRANK N. GILMAN,
LAWRENCE W. HEATH,
HARRY Z. JONES,
Selectmen of Bristol.

A true copy of Warrant—Attest:

MINOT-SLEEPER LIBRARY—REPORT OF TRUSTEES

To the Inhabitants of the Town of Bristol:

The Trustees beg leave to submit a brief annual report. The library has been opened regularly throughout the year for distribution of books and reading of magazines and reference works. The number of patrons has been 1,242, the largest in the history of the library, showing an increased interest therein.

The number of books loaned has been 9,275. About 200 new books have been added, including a fair proportion of juveniles, fiction, poems, history and travel.

The following magazines may be found upon the reading tables:

American, American Boy, American Forests and Forestry, Atlantic, Asia, Century, Christian Century, Current Opinion, Forum, Garden, Golden, Geographic, Granite Monthly, Harper's, Ladies' Home Journal, Literary Digest, Moody Monthly, Nature Magazine, Our Dumb Animals, Our World, Outlook, Pictorial Review, Popular Mechanics, Travel, World's Work, Youth's Companion, largely contributed by the Day-Jackman Memorial fund, together with other periodicals contributed at the pleasure of others.

The expenses for the past year have been light but certain necessary repairs will call for quite an increased expense. The soil on which the building stands is naturally damp, and the cement floor laid in the basement has been a boon, but the water persists in seeping in from the embankments. It is proposed to sheathe the stone walls in the hope that the dampness may no longer

cause the books and magazines kept in the basement to mold. So far as the Trustees are aware no money has been received during the year by gift or by will toward a fund for a two-story annex to the present building which is imperatively needed. The railing originally between the reading and circulating departments was removed several years since to permit patrons to pass to the shelves for the selection of books. The Trustees are happy to state that the great majority of the patrons have realized the advantage of this and not exceeded their privilege, but a few have abused their privilege, and by making the alcoves a meeting place for purposes not pertaining to the selection of books have created more or less disturbance and hindered those who desire to be decent and orderly.

Each patron is expected to go quietly and select such book as is desired and at once to repair to the desk of the Librarian and give others the opportunity of making their selection. Those who take a different course are liable to forfeit their privilege in the library, this remedy having already been applied to certain persons.

The library is a very valuable factor in the education of the inhabitants of the town and should first of all contain books of permanent value for information and instruction with, secondarily, such of the better books of a frothy or ephemeral nature, which may be necessary to suit those whose taste lies in that direction. On account of the very much increased expense of labor and materials, books of all kinds cost much more than formerly, and the funds available are very small for their purchase, in fact is not really sufficient to keep pace with the wear of the books.

It is the sincere hope of the Trustees that friends of

the library are contemplating making gifts directly or by will both to the building fund and to the book fund.

Contributions of worth while books will be gladly received. Quite a number have been donated, among them, "The Constitution of the United States," by James M. Beck, the gift of Mr. Eldridge R. Johnson, an eminent American.

At the annual meeting, Mrs. Mary A. Dodge was reelected Librarian.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Boards of Bristol Town and Bristol Union School Districts:

I submit herein my second report as superintendent of schools.

As usual the report covers the school year of 1923-24 and half of the current year, 1924-25.

No-School Days

Each school lost on the average of 8 2-3 half days of school. School boards have the power to determine the days on which the schools shall be closed. Local observance of holidays should determine largely the days on which the schools should be closed.

Repairs

No repair work was done on any of the schools during the summer. Money ought to be raised to do the work which demands immediate attention.

The toilet at the Lake school is bad. One similar to the one at the Dolloff school should be constructed during the coming summer. Some painting ought to be done. It is not economy to keep putting off repairs.

1924-25

A change in the teaching force was made during the summer. Miss Miriam L. Davis of Hill was placed in the Profile Falls school. Mrs. Brock was transferred to the Dolloff; and Mrs. Lena Gray placed in the school at the Foot-of-the-Lake.

The weather has not seriously interfered with the running of the schools and there probably will be no difficulty in getting in the required number of weeks.

I have given some standard tests in the school and plan to give more before the year is over. These tests are diagnostic in their character and when followed up by intensive drill are most beneficial to the pupil.

I recommend again the arranging of the school calendar so that there may be a recess of one week at Thanksgiving and that the Christmas vacation be of two weeks to avoid losing Christmas day and New Year's day.

UNION SCHOOL DISTRICT

The first part of the report is for the year 1923-24. It is rather difficult to think back a year when one is in the midst of a school year still in progress. This part of the report is largely statistical.

The per cent. of attendance for this year is slightly better than for the previous year. This is gratifying when one considers the fact that during the first half of the year the schools were scattered in various parts of the town.

Tardy marks are too numerous. Efforts are being made to lessen this number.

1924-25

As this part of the report is written the first half of the year has passed. School opened with an enrollment of 202 pupils in the grades and 56 pupils in the high school.

Some changes were made in the teaching force. Miss Laura Derby of Littleton was engaged to teach the seventh grade. The first and second grades were combined under one teacher and Miss Myla Cavis was retained to handle the work in these two grades. Miss Grace Waldron of Dexter, Maine, a graduate of Wheaton College, was elected to take the place occupied by Miss Cheney.

High School

Bristol can now boast of a four year high school. The entering class numbered twenty-four. Nearly every one from the eighth grade entered the first year. Each class moved up one notch with practically its whole strength. One pupil who dropped out last year reported to take the work of the whole year over again. This shows a fine spirit and one that is to be commended.

The first senior class will graduate next June. At this time all of these pupils are planning to go beyond the high school—a truly remarkable record.

The work of the school is divided up into three courses: a classical course, a commercial course and a business course. The school is approved on a four year basis.

Elementary Grades

Last fall during September standard tests were given from the fourth grade up and results carefully tabulated. These included survey tests in Arithmetic,

diagnostic tests in Arithmetic, reasoning tests in Arithmetic, and tests in reading.

The survey tests showed the standing of each grade as a whole, while the diagnostic tests in Arithmetic showed the weaknesses of each pupil. These tests in Arithmetic were followed up for about eighteen weeks by systematic drill that was intensive.

Silent reading drill was given to pupils in the third, fourth and fifth grades.

Fundamentals in Arithmetic

The result of this intensive drill in the fundamentals of Arithmetic is most satisfying. Below is printed by grades the scores obtained in September and the ones obtained after a period of drill on individual weaknesses. This proves to me that it is well worth while to find out what a pupil does not know and then spend time in getting him up to grade.

Monroe Survey Test

Grades	IV	V	VI	VII	VIII
Class Score—September	10.5	35.5	40.5	42.7	60.5
Class Score—February	36.5	42.9	83.5	70.0	93.0

The February scores are well over the standard scores. Those obtained in September were all below grade excepting in one case and that was only five-tenths of a point above.

Reading

The Monroe Silent Reading Test was given to the pupils in grades 4, 5, 6, 7, 8. This is a test to discover the pupil's ability in rate and comprehension. Silent readers were put into the hands of the fourth and fifth

grade and two periods a week devoted to special training along this line.

Grades	Results—Comprehension				
	IV	V	VI	VII	VIII
Class Score—September	6.5	8.2	10.5	11.9	14.5
Class Score—February	8.1	10.5	12.1	13.5	15.6

The February scores for each grade show an increase. In two of the grades special attention has been paid to silent reading drill. Books specially designed to increase their ability in comprehension have been used for this purpose. The scores obtained justify the use of such books and the time spent in using them. All February scores are above the standard. Three of the January scores were below grade. I hope another year to put silent readers into some of the other grades. Such a book has just been placed in the second grade. They have not been used long enough to show any results.

The year has been a prosperous one, but there is lots to do. My relations with the two committees, the teachers and townspeople have been most pleasing.

Respectfully submitted,

EARLE P. FREESE,
Superintendent.
